

Bagging Trash Match Game

STUDENT ACTIVITY PAGE

Draw a line from each word on the left to the phrase that best describes it.

Trash	To find a new use for something instead of throwing it away.
Litter	A recyclable material made from trees.
Reuse	To buy less and to throw away less trash.
Reduce	To stop purchasing an item in a container or package that is not recyclable.
Natural Resources	Leaves and grass trimmings that are broken down by natural processes and can be used on gardens.
Landfill	Our garbage – all the things we throw away.
Recycling	Trash that is in the wrong place such as on the ground or in the street.
Paper	A process that makes something new out of something old.
Reduce	A place where trash is buried.
Compost	Things that are found in nature that we must have to live.
