

YEAR	TOTAL MSW GENERATED IN THE U.S.	TOTAL MSW GENERATED PER PERSON PER DAY IN THE U.S.	UNITED STATES POPULATION	SOUTH CAROLINA POPULATION
1960	88.1 million tons	2.7 pounds	179.3 million	2.4 million
1970	121.1 million tons	3.3 pounds	203.3 million	2.6 million
1980	151.6 million tons	3.7 pounds	226.5 million	3.1 million
1990	208.3 million tons	4.8 pounds	248.7 million	3.6 million
2000	243.5 million tons	4.8 pounds	281.4 million	4.0 million
2005	253.7 million tons	4.7 pounds	304.0 million	4.5 million
2009	244.6 million tons	4.4 pounds	307.0 million	4.6 million
2010	250.0 million tons	4.4 pounds	309.0 million	4.6 million
2011	251.5 million tons	4.4 pounds	311.6 million	4.7 million
2012	251.0 million tons	4.4 pounds	313.9 million	4.7 million
2013	254.1 million tons	4.4 pounds	316.1 million	4.7 million

NOTE: Municipal solid waste (MSW) is the combined residential, commercial and institutional waste generated and includes paper, cans, food waste, yard trimmings and packaging. The MSW figures are from the U.S. Environmental Protection Agency's (EPA) *Advancing Sustainable Materials Management: 2013 Fact Sheet* published June 2015. The population figures are provided courtesy of the U.S. Census Bureau.

1. If each South Carolinian makes about 5 pounds of MSW per day, determine how much each of us makes in a week and in a year. How much does your family make?

2. MSW is managed in two ways: it is recycled or disposed of in a landfill. Of the MSW disposed of in a landfill, assume that 1,300 pounds* of waste can be compacted (crushed) into one cubic yard of landfill space. How many cubic yards of landfill space are required per person per year?

3. South Carolina's population is about 4.8 million people. Each South Carolinian makes about 5 pounds of MSW per day. How many football fields (100 yards long, 56 yards wide and 3.3 yards high) would be filled in a day?

4. Review South Carolina's population growth since 1960 in the chart above. Review the EPA figures for MSW generation per person per day since 1960. Determine how much MSW was generated in South Carolina.* Create a bar graph showing the growth in MSW generation over time. Draw your bar graph on the back of this page.

*Disposal and recycling rates for South Carolina (for the past decade) are available at www.scdhec.gov/HomeAndEnvironment/Recycling/DataReports/.
